Chapter 1

Jen's POV

I was just 6 years old when we moved in to our new house. This house is bigger because my dad was promoted so they decided to buy a new house. New house, new place and new people, equals adjustment.

My mom assisted me in my new room, as they promised, it's a pink room.

"Do you like your new room baby?"

I just smiled and my eyes twinkled because of how beautiful my room was, until I noticed my bed. Its style was kinda old. I looked at my mom and it seemed like she knows what's in my mind.

"Ah, that was an antique bed, me and your dad liked it so we bought it and restored"

"It's okay mom at least it's color pink" I answered with a smile.

"Hey my princess " My dad called me.

I turned around and saw a teddy bear that is almost as big as me.

"Wow! Thanks daddy"

"That's your award because you're already a big girl and you agreed to have your own room princess, and this bear will protect you to any monsters while you're sleeping "

" Thanks again daddy. I will name him Saver" I smiled to dad.

At night. I was coloring on my bed when i felt something moved.

"Woah! What is that?" I nervously said. I'm sure that it's in my bed. I was about to look under my bed when...

"Baby, here's your milk" my mom exclaimed while walking inside my room.

"Thanks mom" I hand her the glass when I'm finished it.

"Sleeping time! " my dad said while entering my room.

" Goodnight darling " My mom and dad kissed my forehead, turn the lights of and closed the door.

I'm just staring at the ceiling. This is my first time sleeping alone.

Someone's POV

And who's this new person sleeping here? I looked closer to this sleeping person until I saw her face by the light of the moon.

A kid. A girl. I rolled on the bed and stare at her. The new owner of this bed is a little girl. I noticed that the color of it changed.

"Shit! Why is it color pink!? "

The girl opened her eyes causing me to rush under the bed. She almost see me. I waited till the girl fall asleep again. Damn, what did they do to this bed, why it became like this.

I felt the bed moved. She haven't fell asleep yet? I want to go out.

"Wait. It seems like she fell asleep " I whispered while slowly taking a peek when I saw the girl staring at me.

" WAAAAHHH!! " the girl shouted

I went back under the bed but she's still shouting. I'm getting nervous.

" MOMMY! MOMMY! DAAADDY! "

Chapter 2

Jen's POV

My mom and Dad rushed inside my room.

"Why? What happened? " My dad asked.

My mom went beside me and hugged me.

" T-There's a girl....under my.....bed, Dad"

My Dad checked the space under my bed while holding his gun. "There's no one here" he said then he checked the windows but everything is locked.

"See, it's impossible baby. Maybe it's just a dream" my Mom said.

"But Mom, I woke up because I heard someone talking, and when i took a peek under my bed, there's a girl"

"It's really impossible darling, this is the first night that you slept alone so maybe you're just imagining things. "

" And if you want, you can sleep with us tonight " my Dad added.

" No, but thank you, Dad. Maybe what Mom said is right" then i smiled to them.

"Okay, we'll go now" Dad said

"Sweet dreams darling" Mom said and smiled at me.

Then they closed the door. I forced myself to sleep but I can't stop thinking about what I saw. I know that it is true, it's not imagination. Wow! There's some creature under my bed. Yieee, a smile crept on my face.

Someone's POV

She's still shouting until someone enters. I can see their feet, they're already adults. Maybe they are the little girl's parents. Bullshit! Her Dad has a gun.

I fit myself at edge of the bed so that he won't see me. I can hear them only talking, until it became silent. I moved closer for me to hear them. I saw them closed the door and turned the lights off.

Thank God they're gone. It's really hard to fit myself under this bed. That kid! I almost got caught.

What if I scare this girl so they'll throw this bed away, why does it have to be color pink grr! It's pissing me off.

I won't go out for a while. I got caught for the first time, Tss!

Jen's POV

"Baby! let's go, you might get late for school! " my Mom shouted.

I placed my things inside my bag hurriedly. My eraser fell but when I looked down to pick it up, it's gone.

" Hey! The school bus is here"

"Wait Mom, my eraser"

"What happened? "

" I fell it and it disappeared "

"Just let it and go now, I'll find it later"

When i got home, I took all my assignments out. I just remembered that my eraser was missing.

"Mom! Did you found my eraser?"

"Sorry but I didn't saw it when i cleaned earlier. "

I still have coloring assignments that's why i search for them first.

" Where my other things? They're all missing"

Every single day, Some of my things started to disappear, but the weirdest was when i accidentally fell my cookie on the floor--i was about to pick it up, but it disappeared. It's already late that time so i freaked out.

I run to my bed and hide under the blanket while sitting. I saw Saver, the teddy bear that my Dad gave me and hugged it.

"Please Mr. Saver save me from the monster"

I lied down and covered myself on the blanket, forcinvgmyself to fall asleep.

Until i heard someone eating. I nervously get my flashlight and took a peek under my bed.

I saw that there's really a creature under my bed. *Buugssh* "Ouch!" The monster hit her head. She looked at me. She got surprised and went out.

I stare at her for a moment until I noticed that my mouth is widely open and smiling. Our gaze met.

She was about to leave but i stopped her.

"Wait! " She suddenly stopped.

Someone's POV

I don't know why I stopped. I'm confused, she looking at me with those eyes full of amazement.

I looked at her blankly. We're both sitting on the bed when she slowly moved closer.

" So you're not a monster? " The little girl said.

" This beautiful face? A monster? " I was surprised to myself because i talked back.

" My Dad said that the creature living under the bed is a monster" She said while her hands were slowly getting closer to me. I think she's planning to touch my cheek so I moved back.

"Wow! You can fly? "

She's just smiling at me, she's weird. She's observing every movement I do.

" You're like Peter Pan! "

" I don't know that person"

"Will you take me to Neverland? "

" Huh? I don't know that place"

"Where do you live? What's your name? What kind of creature are you? By the way, my name is Jennifer " she said while smiling.

She bombard me with questions which pissed me even more. I'm confused, I don't know what to do and what to say to her.

Jen's POV

" Hey, I'm Jennifer Kim, you? "

She's just staring at me and here I am amazed because of her. Her hair was blonde, she's tall, has a white skin, and a beautiful face but it's really weird because her clothes were kinda old.

" Hello. What's your name? " I asked again.

" L-Lisa"

"How old are you? "

" I don't know "

" Huh? Eh, where do you live? "

" Right there, under the bed. "

" Huh? Is that even possible? Where's your Mom and Dad? "

" I don't have those" she said. It's weird but it seems like she's telling truth.

"Don't you remember anything? "

She took a long pause before she answered
" Nothing, I remember nothing "

Lisa's POV

I went back under the bed. Those words kept bugging me. The only thing that I remember is my name and nothing more.

" Who am I? Where am I from? Who and where's my family?"

It looks like I won't be able to sleep tonight, few moments later I heard the girl above said.

"Goodnight handsome monster"

Handsome?

Sorry for some grammatical error and typos I named her Jennifer here for some reason😉

Chapter 3

Jen's POV

After I went to school, I went directly at my room.

"Baby, there's someone who wants to play with you" Mom said.

"I don't want to, Mom. I'll just stay at my room for a while" I replied.

I took out my lunch box and opened it. I left some food for Lisa. I placed the sandwich near under the bed.

Seconds later, there's a hand who quickly took it which surprised me at the same time made me chuckle.

"Hello?" no one answered.

"Helloooo?" no response.

I thought of a plan that will make the monster come out. I tied the sandwich and place it near under the bed. I saw a hand slowly taking it so I pulled the sandwich further but she's still trying to get it.

"Gotcha!" I said which surprised her.

"Shit!" She said pissed.

"I just want to be your friend"

"Hey kid! I don't have time for you"

"Do you want me to help you bring back your memories?" Words that caught her attention.

"How can I remember my past? She seriously asked.

"Don't you remember anything aside from your name?"

"Hmm...people. I saw different person and room when I'm glancing at the top of the bed"

"Who are they and how did you get in there?"

"I dont know them and I don't know how I get in here"

"And look at your clothes. It's so formal"

"I don't know why"

"What year were you born?"

"Year?"

"Yes, Look it's already November 10, 20**" I said and pointed the calendar.

"Fif....Fifteen... 1540!"

"Huh?"

"Yeah, 1540. I saw a calendar in that year"

"Wow, that was a long time. Is it in your house?"

"No. It was the house of the former owner of this bed"

"You've been staying under the bed since then?" I asked surprised.

"I wonder how old are you"

"I don't have any idea." Lisa said with disappointment.

Since that day she always talk to me. I taught her things that she doesn't know.

"Wait, I thought of something to do" I said while we're playing snakes and ladders.

"What is it?"

"Let's take a picture together." I said then get the camera.

After that. I sat beside her and clicked the camera. "Eh? You don't have a reflection on camera." I pouted.

"What's that thing?"

"It's a camera. When you click it you'll see yourself on the screen."

"Ah, but it doesn't work on me"

"Aha! I'll draw you"

"What?"

"I'll draw you using a pencil. I'm not really good at it, but I'll try."

I'm trying to draw her every night. It's one of the things that makes me busy. One day, my mom suddenly entered my room.

"Hide Lisa!"

"Are you talking to someone here?"

"No Mom"

"Why don't you try to go out? There's someone who wants to play with you"

"I don't want to, Mom. I'm fine here"

"Are you sure?"

"Yes Mom" then I smiled at her.

"Lisa, go out now. My mom isn't around anymore" then she went out under the bed.

"Ah, I have an idea. Why don't you come with me to school?"

"I can't go far from this bed"

"Why?"

"I don't know. Do you think I'll stay here if I can go everywhere?"

"Yeah right" I sadly said.

Chapter 4

Jen's POV

Me and Lisa are eating the cookies and milk that my mom bought as my midnight snack.

"Tell me something about you"

"About what?"

"About the things that you remember"

"Ahh, the owner of this bed are different. Sometimes a married couple, a kid, a boy and of course a girl" Then she suddenly smiles.

"Why?" I asked confused.

"Of course it's a girl, and I'm able to see the things that you wouldn't understand"

"Do you have a girlfriend?"

"No, Why'd you ask?"

"Its because the older sibling of my classmates have their girlfriends and boyfriends"

"Why don't you ask your older sibling?"

"I don't have older siblings, I'm the only child"

"Is that so? We can't do anything about it"

I moved closer to her and kissed her lips *smack kiss*

Lisa's POV

I'm still talking when the kid suddenly kissed me. I stared at her and she's smiling at me.

"Can you be my girlfriend?"

I got surprised on what she said. She's still smiling at me and waiting for my answer.

"Haha, are you serious?" i chuckled "Why?" She innocently said.

"I'm older than you, I mean so much older"

"Then wait for me" She said smiling.

"Hahaha, you're still young. You shouldn't be thinking about this things"

She pouted then went to her study table and it seems like she's trying to draw me.

The next day

"Lisa..Lisa.." I heard Jen whispered.

"Why?" I answered.

"look, I finished it already" She said while smiling ear to ear.

I flew on the top of the bed

"It looks like you right?"

"Wow, so this is what I look like" I smiled.

"What does it looks like under the bed?"

"You wanna go there?"

"Yes! Can I?" Jen said excitedly.

"Of course"

"This is it?" she asked.

"Yeah. The usual look of a bed"

"Nothing more? I thought it was spacious"

"No its not"

"How come dad didn't saw you when he took a look here?"

"If you only know how hard it is to fit myself here so that he won't see me"

"Haha. Ops, wait" Jen said when she noticed something.

"These things are mine right? That's why this things are missing. You stole them" Jen giggled.

"You accidentally fell them and I'm curious that's why i get them" I defensively said.

"Hahahahahaha" Jen happily laughed.

Jen's POV

It's already night when I heard my Mom and Dad talking outside my room.

"We just moved in here and your planning to move again?"

"We won't sell this house and besides you'll go to America too right? We'll just go with you. It'll be better for our daughter too"

"Why? What happened?"

"Since we moved in here. Our daughter always locked herself on her room. She doesn't want to play nor go out."

"Okay. Maybe it's really better if I'll include you to my appointment to America"

I get off the bed and called Lisa.

"What are they talking about?"

"We'll be leaving this house" I sadly said.

One week passed, My Mom and Dad decided to go to America. I don't want to go because I'll be away from Lisa but I still agreed because they said it's only for one month and after that we'll go back here in Korea.

"Lisa, while I'm not here. You can use everything I have here in my room so that you won't get bored."

"When will you come back?"

"After one month, I'll miss you! For sure I won't be able to get myself a friend there"

"And why?"

"They all speak English. Nosebleed!" Then the both of us laughed.

Chapter 5

Third Person's POV

"Goodnight baby" Jen's Mom said.

"Sweet dreams" Her Dad said and kissed her on her forehead.

"Goodnight Mom and Dad!" Jen said.

In the middle of the night, Lisa was awaken by a noise.

"Wait, is that Jen?"

Lisa flew then she saw Jen having a nightmare.

"Wake up, wake up"

Jen woke up already crying then hugged Lisa.

"Why? What happened?"

"I had a nightmare" she said while crying.

"It's just a dream, sleep now"

"Wait! I'm scared"

"What do you want me to do then?"

"My Mom and Dad stays with me until I fell asleep"

"Is that so? I'll do it then. Sleep now" Lisa sleepily agreed.

Lisa sat beside Jen until she fell asleep. She tried so hard to stay awake.

"Goodnight Lisa" Jen said while smiling.

"Goodnight Jen" she answered.

Lisa's POV

I can see her through the window of her room leaving, she then looked at me and smiled. Her family and her enters the car.
I guess they'll be heading to America.

When she left, I looked at the calendar. Jen encircled the day that she'll come back.

I've already used everything in this room for me not to get bored. I don't know but I feel like I'm already attached to that kid. I've stayed here for many years but I didn't got bored even once, just now.

Until the encircled day came. One month had passed but there's still no sign of the little girl.

The long and boring years passed. I noticed that the bed was already full of dust and the calendar that says 20** becomes 20** (12 years had passed) I am under the bed writing something on the dirty floor when the door suddenly opened and someone entered so I hid at the corner.

It's not Jen, maybe it's someone who works for them because the person cleaned the room and left after.

Days passed. Maybe they already sold this house. Maybe someone new owns this house already. Maybe the little girl won't come back anymore.

"Hay! It's getting more boring" I shouted, then the door suddenly opened.

...

Chapter 6

Lisa's POV

Someone suddenly entered the room and climbed on the bed.

"So Tired!" It's a voice of a girl.

I saw her feet and I can tell that she's not a kid. For sure she isn't Jen.

"I miss this place. Nothing changed" She stood up and roam around the room.

I took a peak and saw her standing in front of the study table while holding something.

"They're still here. My childhood memories" she whispered.

I'm facing her back. She has a long hair, she's wearing a jeans and a jacket. She took off her jacket and throw it in my direction causing it to hit straight on my face.

"Shit!" I unconsciously said. She turned around so I quickly hid myself.

"Who's that?" She said surprised.

I almost got a heart attack. That's close, she almost caught me. I wonder who she is and what she's doing here.

When the night comes, I went out under the bed to see her face clearly. The light coming from the moon allowed me to see her features.

"She's beautiful" I whispered while looking closely to her face.

Her eyelashes were long, pointed nose and a kissable lips. I didn't noticed that my face was slowly moving closer to her, not until she woke up.

"Who are you?!" She said nervously.
I signaled her to calm down using my hand.

"You're a rapist!" She said louder.

She's about to shout but I quickly covered her mouth using my hand but she bit it.

"OOOUUCH!" I angrily shouted.

"Help! Help!" She yelled.

"Be quite!" I said.

"Get out of my room!"

"Hey, you're the one who's supposed to leave because this is Jen's room."

"You know me?" she asked confused.

"I'm talking about Jen"

"Jen and me are the same person because I'm Jen, idiot!"

I was shocked on what she said. Is she Jen? But that's impossible, Jen is just a kid.

"Y-you look familiar" She said while walking closer to me not averting her eyes.

I flew away from her. I don't know her so I can't trust her.

She went to the study table and get something. It's the drawing of me that was drawn by Jen.

"Hey. What are you doing? Give me that." I said and grab the drawing from her hand.

"It's mine" She glared at me. "So...you are real right?" She asked, tears started to form into her eyes.

"Are you pertaining to me?"

"You're really true!" She suddenly hugged me. "You're not just a dream or an imagination like what they said" she added.

"Jen?" I asked her

"Yes, it's me remember?" she said smiling while tears already falling from her eyes.

The little girl that I know and left few years ago has grown up now. When you look at the face of the both of us, you'll think that we have the same age.

Jen's POV

"You never change" I told her. I really can't believe that she's real.

"Is that really you Jen?" she asked confused.

"Yah! It's me!" I said smiling at her.

"You changed a lot"

"Yeah, many years had passed"

"Why didn't you came back earlier?"

"After a month, my Mom and Dad decided to stay in America for good. I told them that I want to go back here but they didn't agree."

"Then....you really didn't came back?"

"I tried. I told them about you but they didn't believed me. They keep on telling me that you are just my imaginary friend, until I got used in America and I've forgot about you. I'm sorry!"

I can see through her eyes that she believes in me and she understands everything that happened.

"How are you?" i asked.

"Still the same"

"I see" then i laughed.

"Why?" she asked.

"Nothing. I just remembered that I have a big crush on you before and craziest thing is you are my first kiss" i said still laughing.

"Yeah right. You're really funny when you asked me to be your girlfriend" she said laughing.

I was left speechless. I just realized that I've done so many embarrassing things back then. I just looked at her, she's laughing. Nothing changed at her, her face didn't change.

"We'll stay here for good, I'll also take my college here."

"That's good then, Jen"

"I like the way you call me Jen" I said it with my sweetest smile.

Chapter 7

Jen's POV

After class, I immediately ran to my room and locked it.

"Hey Lisa! Where are you?!" I shouted.

"Pst! Don't shout, your Mom and Dad might hear you" Lisa scolded.

"Don't worry. Unlike before, they're always out" I answered.

"Why?"

"I'm old enough and they trust me" I smiled at her.

"Why'd you call me?"

"Ow, I bought you some clothes. I can't do this before because I'm too young and I don't have money to buy."

"There's no need. My clothes are fine"

"Oh please!"

She accepted it and enters the bathroom to change. I'm waiting for her to finish.

After a few minutes she went out.

"Oh my gee! It really fits you" I surprisingly said to her.

"Really?" she said not believing me.

"Of course yes! Let's go out"

"I can't"

"Why?"

"Have you forgotten? I can't go far away from this bed"

My mouth left agape. "Sorry, I forgot" I sat on the bed because of the sadness I'm feeling right now.

Lisa's POV

She seemed sad about what I said. Maybe she really forgot about that.

"How was your fist day in college?" I asked hoping that her sadness will fade away.

"Just the same, nothing special"

"It's just your first day" I said and smiled at her.

The next morning, I heard her yawning---a sign that she's already awake.

"Oh Gosh/Shit!" both of us shouted.

I saw her with only undergarments and it looks like she's about to take a bath. I hastily go back under the bed.

"Stupid! Idiot!" I said to myself while slapping my forehead multiple times.

I forgot that she isn't a kid anymore. She's grown up now.

"Uh....Lisa?" She called.

"Ah...I'm sorry Jen" I shyly answered.

"It's okay. It's my fault anyway. I forgot that I have a roommate" she said then chuckled.

"Go now, take a bath. Just tell me when you're done so I can go out"

"Okay!"

Third Person's POV

"My God I'm late! Lisa can you please help me find my wrist watch?!" Jen said hurriedly.

"Okay!" Lisa answered and flew around the room to find the said wrist watch.

Because of their hurriedness, they didn't notice that they were about to bump on each other.

Lisa was flying when she bumped onto Jen. Jen was about to fall but Lisa caught her.

It seemed like the time stopped. They're just staring at each other's eyes. Jen's arms were wrapped on Lisa's neck while Lisa's hands were on Jen's waist.

An inch apart from each other's faces. Jen can feel Lisa's breath on her lips. Their nose touched and Jen started to feel her heart beat fastened.

"Sorry" Lisa said.

"It's okay, I'm in a hurry too"

"By the way, here's your wrist watch"

"Thank you. I'll go now. Bye! See you later!" Jen said then left.

Jen went straight to her room and looked for Lisa.

"You came home early" Lisa exclaimed.

"I just don't feel like going out now"

"Are you locking up yourself here with me again? Your Mom and Dad might take you away from here again"

"Hahahaha. That won't happen again. I won't go with them"

"And why?"

"I'll miss you! How 'bout you? Won't you miss me?"

"I will"

Both of them blushed of what they heard.

When the night came. Jen had a nightmare once again.

"Jen, are you okay?" Lisa asked worried.

Jen nodded while catching her breath.

Lisa was about to go back under the bed when "Lisa can you stay here?" Jen weakly asked.

Lisa turned and answered her with a smile. Lisa sat beside Jen who's lying down.

"It's just like before" Jen said while smiling.

"the what?" Lisa asked.

"This. Having you beside me until i fell asleep because I had a nightmare. You're the reason why I survived being alone in a room"

"Yeah, glad you're not crying unlike before" Lisa then smiled, she looked at Jen but the latter was fast asleep.

The next day, they woke up beside each other. Jen was hugging Lisa.

They looked at each other and felt the awkwardness rush into them. The both of them sat immediately.

"Sorry, I didn't know that I fell asleep" Lisa apologized.

Jen lowered her head to hide her blushing face. She took the towel and head to the bathroom.

"Jisoos! I'm gonna be late!"

"Shit! You're so stupid! Idiot!" Lisa said to herself when Jen entered the bathroom.

From inside the bathroom. Jen was holding her chest while looking at the mirror. "Why are you beating so loud?" **Thump** **Thump** **Thump**

Chapter 8

Lisa's POV

We are both sitting in her bed while playing chess. It's awkward, I don't even know how to say sorry about what happened earlier.

"Checkmate!" She exclaimed causing me to look at her.

"Let's play next time, I'm already sleepy" She said.

I looked at her, she lied on the bed facing her back on me. I flew on the other side of the bed, I don't know but its like that something forced me to kiss her forehead.

"Goodnight Jen" I whispered to her.

Jen's POV

My eyes widen on what she did. She's already under the bed.....and it's true, she kissed my forehead! A sudden smile crept on my face "Goodnight Lisa" I whispered even though I know she won't hear it.

I was supposed to be asleep but after what she did? I don't think I can sleep tonight. Urgh! My eyes were closed but I'm awake, everything that happened earlier kept on flashing on my mind. Tho I didn't saw how she kissed my forehead but I pictured it on my mind.

I kept on rolling on my bed but stopped. I just remembered that she's just under the bed.

I'm just staring at the ceiling and not moving even just a single muscle **heart beats fast** here it goes again.

The next morning, I woke up with her staring at me.

Heart beats fast
Colors and promises
How to be brave?
How can I love when I'm afraid to fall
But watching you stand alone?
All of my doubt suddenly goes away somehow
One step closer

I stared back at her. I can feel my heart beating so loud and I don't care about it. All I care about now is me staring at her and her staring back at me.

There's something different in her eyes. It's like it's telling me something but I don't know what is it.

"What happened to your eyes?" She asked.

"This? It's nothing" I swear Lisa, you're not the reason why I have eyebags.

"Didn't you sleep well?"

Yes, I didn't sleep because of what you did. You're messing up my mind.

"Uhh, I did sleep well" I said then forced a smile.

The night came. I'm about to sleep but she sat at the edge of the bed near me.

"Do you want me to sleep with you so that you can have a good sleep?" She asked.

There you go again, making me confuse. Lisa, I'm old enough. I'm not the little kid before who can't sleep alone. Do you still see me like that? Like I'm still the little girl before?

I don't know but I can't utter a single word. I can see through her eyes that she doesn't know what to do but she still lied beside.

I felt like there's some magnet who pulled me to rest my head on her chest and hug her that I know made her shock. It feels the same, nothing changed. I'm just the one who changed.

I woke up with the both of us on the same position. This is the first time that I saw her sleeping, it's because she often woke up before me.

So flirt of you Jen! You and a girl sleeping on the same bed? Before she's just like a sister to me but now it's like she's my girlfriend or wife. If someone will see us right now, that person will think that something happened between us.

I chuckled on what I thought causing her to wake up.

"Ah G-goodmorning? " I said stuttering. Argh! You're so stupid, it came out like a question.

"Goodmorning" She said while smiling at me.

"Jen! Breakfast is ready!" My Mom shouted.

"Go, enjoy your breakfast"

"Okay, I'll give you food later" I said then left.

Lisa's POV

She went down for breakfast, it's funny how I thought of her as a grown up girl and not the little girl I knew before.

After a few minutes, she came back with a food on her hand. I'll just eat under the bed because she said she'll be taking a bath.

What if I took a glance for a moment? You're so pervert Lisa, stop it.

-

It's already 6PM, maybe she'll be home after a few moments. I'm just peeking at her room's window in case she came back home.

And I'm right, a car stopped in front of their house. I saw a guy went out from the car and went on the other side of the car to open the door. I saw that girl who was being guided by the guy was Jen.

They were smiling on each other while talking. After that, they talked, the guy entered the car then left. I saw Jen taking her way inside the house so I waited for her to open her room's door.

When she entered the room, she got surprised by me.

"Who's that guy?" I asked her while she's placing her things on her study table.

"My classmate"

"Why did he came here?"

"He just dropped me off"

"Why?"

"Hm..He just volunteered to drop me home"

"Why? Can't you go home with yourself?"

She looked at me and laughed."Hahaha! Are you kidding me? He just wanted to drop me off"

"I'm serious!" I seriously said while staring at her. She seemed shocked on what I said.

"Why are so weird?" She exclaimed then entered the bathroom.

I was standing at the front of the bathroom's door waiting for her. Why did I even said that? I wonder what she think of me now. Why does I felt annoyed by the idea of that guy dropping Jen off every day?

After a few moments, she went out and looked directly at me. She's waiting for me to say something but I couldn't find the right word to say. She walked passed through me and started to sleep.

I wanted to talk to her. I wanna say sorry and ask her the real reason why did that guy dropped her off earlier. I want her to explain everything to me.

I'm just standing at the side of the bed while staring at her calm sleeping face. I can't talk to her I went under the bed.

I can't sleep. Why would I be surprised if someone would drop her home? First of all, she's beautiful. She's the type of girl that everyone will love. She's grown up Lisa, for sure there's someone who has a crush on her or someone was courting her.

I suddenly felt confused. Why did I said those things when I actually can't remember anything? I'm acting like I've been in a relationship before.

Chapter 9

Lisa's POV

I woke up earlier than before. It's like, I just took a nap. I was flying around the room while looking at her. I stopped and stare at her from above almost touching the ceiling.

"Do I like her?" I whispered to myself.

I was surprised on what I said causing me to hit my head on the ceiling.

"Shit!" I almost fall on top of Jen.

After a few hours, Jen woke up. She dressed up then left. She came back home then went straight to her room after eating dinner, took a shower then sleep.

We're still not talking to each other. I know that her problem isn't what happened between the both of us.

I was under the bed when I heard a sob. I immediately went out.

She's covered with her blanket and curled up. I sat at the edge of the bed and tapped her shoulder.

"Jen?" She tighten her hold on the blanket.

I tried to remove the blanket that was covering her but she keeps on pulling it back.

I successfully removed the blanket from her. I saw her face full of tears, her eyes were puffy with a red nose. She suddenly pulled me into a tight hug then cried harder.

I caressed her back, she placed her head on the crook of my neck. She cried even louder.

She pulled out from the hug and wiped her tears.

"What happened?"

"I don't know if I should tell you this. It's just a small thing, but why am I crying?" A tear fell on her eye. I wiped the tear on her cheeks. "Tomorrow night is our prom. Remember the guy who dropped me home? He was supposed to be my date but I found out that he just played with me"

I got mad on what I heard. I want to puch that guy. "You're crying because he played with you?"

"No, I don't even like him. I'm just crying because the prom is tomorrow night. I will probably see him there and he'll see me alone."

So she doesn't like that guy? What a relief then. "Stop crying now. He's stupid"

She suddenly looked at me then laughed. She's not crying anymore. She even asked me to sleep with her.

We were facing each other while lying on the bed. She closed her eyes then smiled. "Goodnight Lisa."

"Goodnight Jen." I moved closer to her and hug her very tight.

I'm wrong, I dont like her because..... *I love her.*

Prom Day

It's 4 PM when I looked at the wall clock from under the bed.

I can't go out because someone came to prepare Jen for the prom.

It's 6 PM when I looked at the wall clock again. The door opened and the person together with Jen left the room. I only saw the light pink gown that

Jen was wearing.

I went out from the bed and peek on the window. I saw her entered a car that would probably drive her to school. She's beautiful, no! She's even more beautiful.

You can see through her eyes that she isn't happy. She's not even smiling when she entered the car.

I suddenly felt sad. I want go with her, I want to be her date on the said prom.

I looked at the room's door. I opened it but this is the farthest I can go. I remembered that there's like an invisible rope or a magnet which is the one who's preventing me to go further from this bed.

I still tried to go further but it didn't work. I punched the bed multiple times because of the anger that I'm feeling right now.

Tears suddenly started to flow on my cheeks. I wonder how was Jen, she will feel alone there.

"Why am I imprisoned here? What did I even do? She needs me now!" I yelled while punching the bed. I know that there's no one here in the house.

"Damn it!" I saw a tear fell on Jen's bed.

I wish I was there with you...

Chapter 10

Jen's POV

I'm now here in the prom, ALONE. Argh! I hope I won't see that jerk's face. I wish there's a hero who will come to save me from this lonely night. My vision started to blur and tears started to form at the corner of my eyes.

I felt more lonely when a sweet song played. Aish! I just wanna go home.

Lisa's POV

I saw her sitting at the corner lowering her head. She looks sad. I approached her with a smile plastered on my face. She slowly looked up to me. I smiled even wider at her and she still can't believe that I'm here at the prom.

"Hi Jen!" I greeted her. She blinked many times, maybe she thought that I was just her imagination.

"Can I dance with you?"

Her tears suddenly fell from her eyes. She stood up and hugged me.

Would you dance

if I ask you to dance?

Would you run

and never look back?

Would you cry

if you saw me crying?

And you saved my soul tonight.

My right hand was holding her right hand while we're facing each other and I slowly pulled her to dance. Her tears were slowly fading and replaced by a smile.

Would you tremble

if I touched your lips?

Would you laugh?

Oh please tell me this.

Now would you die,

for the one you love?

Hold me in your arms,

Tonight.

I placed her arms on my nape and my hands were on her waist. We're staring and smiling at each other.

"You're so gorgeous" I whispered while staring at her. She then smiled back at me.

I can be your hero baby I can kiss away the pain I will stand by you forever You can take my breath away...

She leaned her forehead to mine with her eyes closed and the smile that was there the whole time. No one dares to talk, we're just feeling this moment. *Our heart talks together.*

Would you swear

That you'll always be mine?

Or would you lie?

Would you run and hide?

Am I into deep?

Have I lost my mind?

I don't care...

You're here tonight.

I hugged her so tight while the lyrics of the song says all the things I wanna tell her.

I can be your hero baby I can kiss away the pain I will stand by you forever
"I love you" Jen said.

"I love you more" I replied and kissed her.

I hugged her even tighter when I remembered what happened before I got in here. I suddenly felt sad.

You can take my breath away...

You can take my breath away...

I can be your hero.

Chapter 11

Flashback

Lisa's POV

I was crying because I can't escape from this bed. For sure she's already crying in there because she was alone.

"Do you love her?" Someone suddenly spoke from behind.

"W-Who are you?" I asked scared.

"You forgot about me? Well, I can't blame you, its been so long." An old lady said while smiling at me.

"What are you saying?"

"Sure you really forgot about me. Well..." She said then covered my eyes using her palm.

We were suddenly in a room which is kinda familiar to me. I was shocked when a girl that looks like me entered the room with another girl trailing behind her. They fought for a second then the girl suddenly slapped the one who looks like me.

"We're done, cheater" the girl said to the girl who looks like me then left.

"Do you see her? That's you" The old lady said.

"Huh? But how did that happen?" I asked confused.

Scenes continued to happen in this room. I was just watching every scene with this old lady beside me. All the girls who's with the girl who looks like me were mad and crying.

I'm mad at the girl who happened to be me. After she made every girl cry, she was still smiling.

"See, you're a playgirl back then. Those girls are some of the girls you've played with." The old lady said.

"If that was really me then who are you?" I asked very confused and feeling a bit sad.

"Hmm...let's say I'm a fairy godmother of those girls you made cry and the one who'll punish you"

I laughed on what she said. "Those things are impossible. Those weren't real"

"That was the exact word that you told me many years ago, you didn't believe me"

"So that's you? You're the one who imprisoned me in this bed?"

"You're right. I put you in there to teach you some lesson"

Memories started to enter my brain. From who I am, where I came from and what I really am. I can't believe that I've done all those things.

"And now that I came back. The Lisa who doesn't know how to love before was in love with someone now" She said while smiling.

"That long! I was imprisoned here that long did you know that?!" I yelled at her.

"And everything has come to its end" she added on what I said.

"What do you mean?"

"You're free. You've learned and you once felt the pain because you have fallen in love."

"Does that mean I can be with Jen now?" I said happily.

Her face saddens "I'm sorry Lisa" she softly said.

"But y-you said..."

"You're long gone Lisa. You're free but you were not supposed to be here, you're supposed to be up there"

I chuckled. "No, you're crazy. That's unfair!" I angrily yelled at her.

"But there's a way, you can choose" she said weakly.

When I heard what she said, I held her shoulder and asked "What's that? Tell me!"

"Be free but you'll leave this world or be with her for a short period of time and be imprisoned on this bed forever."

I stopped for a moment, this is so unfair. Why is it like this? Fate really loves to play. Yes I'm free but I need to leave. Yes I'll be with her for a moment but will be imprisoned in this forever.

I fell in love for the very first time, I became a better person because my memories came back, so it isn't a bad thing to choose her. *Give all for the last* "I choose to be with her" I seriously said.

The old lady was surprised at my answer, she didn't expect me to choose Jen. Call me insane, crazy or anything you want but that's my final decision. I will stay at this bed forever just to be with her even just for an hour? I'm ready.

"W-wait, are you sur--"

"I'm f*cking sure" I said with a straight face.

Chapter 12

Jen's POV

That night was memorable for me, I was able to be with her. Almost all of the students in the prom saw her, they were even asking what was my relationship with Lisa. Wait, are we together now? We kissed so maybe we are. Should I ask her? Maybe it isn't bad to ask her.

I stood up from the bed, my mood was really good right now. What happened to us last night was like a fairytale.

I peek under the bed and greet her a good morning but she's just right there and ignoring me. She has her eyes closed while crossing her hand.

"Hey Lisa! I said Goodmorning" I repeated but she didn't respond.

"Heyyy!" I called her again.

"W-what?"

"Why were you ignoring me?" I pouted.

"I'm s-sorry"

"What were you thinking?"

"It's nothing. Btw, good morning" she then went out under the bed and kissed my forehead.

Day by day, I noticed that Lisa was slowly changing. Sometimes when I was talking to her, she will just ignore me. She rarely smile and laugh, she seemed sad. It's lile something was bothering her "Hey! Are you listening?" I asked.

"H-huh?"

"See! You're not paying attention" I said then pouted.

"S-sorry"

"What's wrong? Why are you acting like that this past few days?"

"Nothing. What are you saying earlier again?"

"What if we go to Disneyland? Or go to Italy. That would be fun"

"I can't" I was shocked on what she said.

"What? B-but..."

"It was just for that night. I can't go wherever I want again" she sadly said.

"But why?" I asked still not believing.

"Do you remember *Casper The Friendly Ghost*?"

"Yeah, why?"

"Casper was a ghost right? And he can't go to the Halloween party of the girl in there"

"Yeah, and the girl's Mom who happened to be a ghost too came and gave Casper a chance to be a human again"

"But it was just for a few hours, he danced the girl till the time ends"

"Sadly.....he turns back to a ghost" I suddenly felt sad.

She cupped my cheeks "But that was a night to remember, Casper was still happy" she smiled at me.

"Is that it Lisa?"

She sighed. She smiled at me but I can see through her eyes that she's sad.

Lisa's POV

She almost cried but I'm glad that she understand me. I caressed her hair and told her to sleep already.

"Sleep now Jen. I'll sleep with you"

She rested her head on my chest and hugged my waist tightly.

"Please stay. Don't let me go and hold me tight" her hugged tightens.

"Lisa I want this. I want to sleep with you, I want my head resting on you chest, I want you hugging me, I want to feel your breathing and I want to hear the beating of your heart. I want you here with me."

I smiled on what she said.

"Just like what you want, I also want all of those. I want to keep you safe while you're sleeping, I want to be by your side, I want to hear your laughter and voice, I love how your hands perfectly fit on mine. I love everything about you Jen. Everything" Then I kissed her forehead.

I woke up when I felt someone was kissing my cheeks.

"Goodmorning Lisa! I'll head to school now. I didn't wake you up earlier because you were in a deep sleep." she smiled then left.

I stared at the door and lazily got up from the bed.

"Don't be selfish Lisa" I annoyingly said to myself.

"If the both you will stay like this, everything will change. You want to make her happy right? Do the right sh*t" I said almost pulling all my hair off of my head.

"But I don't wanna be alone "

"Dont be selfish!"

"I can't loose her.."

"Argh! Jen"

"I should do the right thing"

"Geez." I said frustrated.

"That's the right thing to do..."

Chapter 13

Lisa's POV

I saw somebody dropped Jen home. I sat on the edge of the bed facing the door while waiting Jen to enter her room. She got surprised when she opened the door.

"I-I don't want him to drop me home but he insis--"

"It's okay" I cut her off.

"H-huh?"

"It's okay Jen. I'm glad you're making some friend" I said.

She proceeded to the study table and started to do her homeworks.

"Why don't you try to go outside?" I asked.

She looked at me. "I don't want to, I'm okay here" She said.

"Just try to roam outside just like what others do"

"Nah, it's not my thing"

"Hangout with your friends"

"I don't want to"

"Why?"

"Why are you so stubborn Lisa? Don't you want me here? "

"I'm just saying...." I said weakly.

The next day, someone visited and Jen's mom called her to go downstairs. I peeked at the window and saw the guy who drove Jen home holding a flower.

After few minutes, Jen came back.

"Where are the flowers?" I asked.

"Huh? You saw it?"

"Yeah, the guy who visited you gave you that right?"

"I left it downstairs"

"You don't have any plan on putting that on your room?"

"I don't"

"Why?"

"Why are you acting like that Lisa?" She annoyingly asked.

"Acting like what?"

"I didn't show nor let you know that someone gave me a flower because you'll be mad!" She yelled.

"But I'm not mad! It's better that someone likes you!"

"You're not funny anymore" She exclaimed then cover herself with her blanket.

Its been week since we last talked. I'm trying not to talk to her, in that way she'll forget about me. I was under the bed when I heard her.

"L-Lisa" She weakly said.

She was sitting on the floor while wiping the tears that escaped from her eyes. I went out of the bed and hugged her.

"D-Dont y-you w-want me a-anymore?" She said while crying.

I was hurt because I know I hurt her. I want to tell her the reason but I'm scared that she wouldn't understand.

"Sorry" The only word that came out from my mouth.

She slowly pulled away and looked at me.

"What's the problem Lisa?"

I sighed deeply. I need to do this "Don't go near me"

Jen's POV

My eyes widen on what she said. She just said sorry a while ago, and now she wants me not to go near her?

"We can't be together Jen"

"What the hell are you saying Lisa!" I yelled.

"The gap between us is big"

"So?"

"My memories are back. I remember everything. I know who I am"

"You remember everything?"

"Yes. Before I went to your prom, something happened which caused my memory to came back."

"And because you remember everything thing, we can't be together?"

"I was a playgirl! That's the reason why I'm cursed Jen! And imprisoned in that fvcking bed for hundred years."

"I don't care! I will still love you!"

"You don't understand!"

"No! You don't understand!"

"Grow up! I'm hundred older than you. I'm from the past that was supposed to be long gone. You can't love me!"

Every words was like a dagger piercing on my heart. It seems like it's so easy for her to give up.

"I don't want you to be alone, Just Imagine if we got married and have a child, I don't want to be a wife who can't support her family because she was imprisoned in the bed." She added.

"I can do that" I said while sobbing.

"But I don't want to. If you'll have a child, I want that kid to have a normal family. You'll grow old and I will stay like this forever"

"And so?"

"Listen, I also wanted us to be together but I don't wanna be selfish. I love you so I will let you go"

"I do understand you! I'm just doing this because I love you too!"

"But you know that I'm right! I can't grow old with you. I can't be the one who will marry you and it kills me"

I hugged her tight. Nothing came out from my mouth because she's right. I don't want to let her go but I have to.

I feel like I was Wendy who can't stay forever young and live together with Peter Pan. I mumbled to myself while hugging the sleeping baby.

Chapter 14

Lisa's POV

Jen agreed with me, she even understands me. I know that this hurts the both of us but we're still doing it.

I always saw the guy who gave flower to Jen. He's here to fetch her and drop her home after school. She looks okay tho.

She allows the guy to court her while the both of us stay as friends.

"He's okay, we have lots in common" Jen said.

"I'm glad the both of you became closer"
I said and she nod.

After a few months, I can see from the window that Jen finally made it official. The guy happily hugged Jen. It hurts, knowing that she is someone's property and not mine.

"Lisa, we're official" She said with teary eyes.

"Do you love him?"

"I do, but not like my love for you"

"Stop that, you already have a boyfriend. You should only love him"

"You're right. I'm happy with him and our relationship is getting better. By the way, his name is Taehyung" then she smiled at me.

The days went so fast and now, Jen already graduated. Jen and Taehyung was together for 2 years now, and I can see that he really loves Jen. I like

him for Jen, he's responsible, caring and gentleman to Jen that's why I know he fits with Jen.

I still love Jen even if it kills me to see her being loved by someone else. I'm happy because I know that Taehyung can take good care of Jen.

I know that until now Jen still loves me. I always saw and she's obvious.

I'm here under the bed can't do anything to bring her back to me. She's crying every night, she thought I didn't heard those. I badly wanted to hug her but I'm scared that If I do, it will be harder for her to forget her feelings for me. I feel bad for that Taehyung, just because of me, Jen can't fully love him.

After a month, Jen slowly entered her room and looked at me. I know that she'll tell me something important that's why I suddenly got nervous.

Jen's POV

I slowly entered my room and saw Lisa sitting on my bed. I just looked at her and I think she knows that I have an important thing to tell her. I smiled and walked closer to her.

I sat down in front of her and snatched her hands.

"Your hands fits perfectly in mine like it was made just for me" I said while playing her hands as tears escaped from my eyes.

I looked up to her, I saw her face full of questions. I sighed deeply

"He proposed to me..." I said smiling while the tears wont stop from falling. She didn't utter a single word.

"..and I said yes" I cried harder, I know that she's hurting too but she doesn't want to show it.

"I love him....and I think aside from you, he's the man that I want to spend the rest of life with" I tighten my hold on her hands.

I looked at her, she's crying but she has this smile on her face. I know that she's broken now but she's happy for me.

"Congratulations Jen, I also want him for you" She said while smiling.

I looked at our hands "This is my last night here"

"Why?"

"I decided that before our wedding, I will only love him."

"I understand, that's right"

"So because this is my last night, would you sleep with me?"

She smiled then nod her head. We lied down beside each other. I rest my head on her chest while my arms were hugging her. She snaked her arms around my waist hugging me tightly.

"Then when you got a child can I be friends with them?"

"No"

"No?"

"What if it's a girl and she fell in love to you and then you'll tell her that the both of you can't be together" i said.

"But if it's a boy, then I'll let you be friends with him" I said while smiling.

"Really?"

"Yup!"

"I will Remember what you said" she said.

"I promise"

She smiled at me and tighten the hug even more. *A night full of goodbyes and tears. The last night of us together.*

Chapter 15

Lisa's POV

I'm lying on the bed facing the door. It has been almost seven months since I last saw her. She's living in an apartment near her workplace. The only thing I know about her except her job was she's busy preparing for her wedding.

I was staring at the door for a minute now, maybe I was still hoping for her to come back here.

I was surprised when someone slipped a piece of envelope. I immediately walked on the door to get it. I heard a faint footsteps leaving the house.

I rushed into the window. Right in there, I saw Jen wearing a beautiful wedding dress. Her hair and dress was just so simple but for me, she's the most beautiful bride.

She looked at my direction, I can see the sadness in her eyes. She averted her eyes from me and opened the door of the car.

I turned my attention into the envelope. I opened it and saw a wedding invitation.

What is this for? Why'd you gave me this Jen? Do you want me to stop you? I wanted to stop you! But how? I crumpled the invitation and throw it. Tears started to fall from my eyes.

Never should've let you go

Never found myself at home

Ever since that day that you walked right out the door.

You were like my beating heart
That I, I can't control Even though we've grown apart

My brain can't seem to let you go

Thinking back to the old times
When you kept me up late at night We use to mess around
Laugh and play, fuss and fight I guess it's too late, I'm dancing this dance alone This chapter's done, the story goes on

Jen's POV

A white car fetch me from the hotel where they prepared me. We were heading to the church where the wedding will be held when I thought of visiting our house.

When the car stopped in front of our house. I immediately exited the car and entered the house. I went in front of my room's door. I wanted to come in but I prevented myself.

I was holding the wedding invitation and slipped it under the wooden door. I can feel the tears flowing from my eyes. I wiped it and left.

Before I entered the car, I took a glance at the window just to meet the pair of eyes that I've been wanting to see. I averted my eyes from her and entered the car.

Baby, can't believe that you are not with me 'Cause you should be my lady

All I want is to set your heart free

I can hear the church bell, the car stopped in front of the Church. They opened the car door for me and helped with my long gown.

I hold on to the flowers tightly and slowly walked.

Lisa's POV

Maybe the wedding started. I punched the bed multiple times. These hurts more than the day when I almost not make it to Jen's prom. This hurts so much because I know this time, I can't do anything. I punched the wall angrily. Even if I know that I won't be able to escape from this bed, I still stupidly tried.

"Shit! Please this will be the last! Let me go!"
I begged from the girl who cursed me.

But nothing happened, I sat on the floor letting my tears streams down to my face.

But if you believe that you belong with him

Promise me, you won't let anyone hurt you

Remember, I will always be here for you

Even if it kills me to see you.....

Jen's POV

I'm slowly walking towards Taehyung, he's staring at me, it seemed like he's about to cry. It hurts me even more, I wanted to leave, I wanted to run and go back to Lisa, but I don't wanna hurt Taehyung.

I was hoping that Lisa will come and will stope the wedding.

In the middle of the altar, I stopped and turn my gaze into the church's door hoping that she was there.

In that wedding dress (dress, dress)

Oh, see you in that wedding dress (dress, dress) See you in that wedding dress (dress, dress) Oh, see you in that wedding dress, oh no

"Jennifer, do you take Taehyung as your lawful wedded husband, to have and to hold, from this day forward, for better or for worse, for richer or for

poorer, in sickness and in health, to love and cherish until death do you part?" The priest asked.

Snappin' out this misery

Depression, this ain't me

But I always turn around 180 degrees

You got control of me that I, I can't explain Somebody call 911 Emergency before I go insane Since you've moved on, you took a piece of me, give it back So much pain in my chest, blacking out, heart attack I guess it's too late, I'm dancing this dance alone It's too late...

Lisa's POV

It's night already, I did everything just to escape from this bed but nothing happened, I even beg but the girl who cursed me didn't show up.

Maybe in this time, she's already married. It's too late.

I felt so mad at myself, I failed to stop her from getting married. Is that the reason why she gave a wedding invitation? She wants me to stop her?

But I didn't make it, maybe the both of us were not really for each other.

Jen's POV

We're at the reception of the wedding. I'm already married to Taehyung, and Lisa didn't come.

"Jen, are you okay?" Taehyung asked me.

"Yeah, I'm okay" I said then wiped my tears.

"Why are you crying?"

"Tears of joy, I guess?" I lied.

Baby, can't believe that you are not with me 'Cause you should be my lady

All I want is to set your heart free

But if you believe that you belong with him

Promise me, you won't let anyone hurt you

Remember, I will always be here for you

Even if it kills me to see you

In that wedding dress

Oh, see you in that wedding dress (dress, dress) See you in that wedding dress (dress, dress) Oh, see you in that wedding dress, oh no

Chapter 16

Lisa's POV

After Jen got married, I haven't heard a thing about her. Her room remained vacant. Sometimes, her mom enter the room to clean it.

Sometimes I'll sit near the door for me to hear her parents to get some info about her.

"Dear, they said Jen is pregnant" I heard her mom said to her dad.

Days, weeks, and months passed. I can feel the loneliness and sadness in this room.

"Hon, let's go. Jen is giving a birth" I heard Jen's father shouted. It's still early in the morning that time.

I can't sleep, even I was nervous. I hope she will deliver the child safely.

The next morning, her parents car arrived at the house. I quickly came close to the room's door to hear them.

"Dear, I'll just pack some things needed. We'll go back to the hospital" Her mom said.

"Don't forget a single thing okay?"

"Please reveal her child's gender" I whispered.

But they didn't say a single thing and left.

After a few days, I heard her mom talking to someone on the phone.

"Hello? --- Oh, yeah. Jen's child was a girl, a very beautiful girl" she said.

I suddenly got sad. Jen said that if her child was a girl, she won't let me meet her. At least she delivered the child safely.

Years passed, I was thinking about Jen's face. Maybe she looks older than me now.

A car suddenly stopped in front of the house.

"Wait baby. Don't run,
might trip" The voice sounds familiar.

I walked closer to the door. I'm right, it's Jen's voice. I missed hearing her voice, it's been years since I last heard that soothing voice. Maybe she visited her parents.

I held the doorknob hoping that she'll enter her room and ask me how was I doing. But no one entered until they left.

They rarely visit here. Sometimes they only visit here twice a year. Only Christmas and New Year, or sometimes they don't visit at all.

One day, someone came in to the room, I was startled when I saw Jen's mom. She look so old.

She picked some of Jen's things and sat on the bed. I can see that she is smiling while scanning Jen's things, but after a few seconds, tears fall from her eyes. After that, Jen's father also came in. He also look old, he sat beside her wife and hugged her.

Maybe just like me, they miss their only daughter so much.

One day, I heard her mother calling for help.

"Help! Help! My husband!" She yelled.

I wanted to help but I can't. Jen's dad had a heart attack and they rushed him into the hospital. After a few days, her dad passed away.

After 5 years, her mother also passed away. They said, they just saw her lying on the floor lifeless. She died because of her old age.

They had a wake on the house again. One night someone spoke near the door.

"Lisa?"

The voice is familiar. I can be wrong,it's Jen's voice. Her voice changed a bit, maybe because she grew up.

"Can you hear me? How are you? And I'm sorry for everything I have done." Jen said.

I went closer to the door and listened to her.

"I don't know what to do. My Mom and Dad were gone" She said crying.

"Hehe, I'm sorry if I told you these things. Its just that, you're my first best friend" I leaned my head on the door.

"I missed you, take care. Bye"

I heard her faint footsteps slowly fading. I wanted to talk but my tongue is tangled up.

She's suffering right now. I wanted to comfort her and stay on her side but I know that I can't do that. Maybe it's better. if I talked to her, maybe she'll just be confused. Besides, she has Taehyung beside her.

Many years had passed. No one was staying here anymore. There are some who visit here to clean the house then leave after.

The house remained vacant and they never sell it to anyone, maybe Jen told them not to.

Even if many years had passed, my feelings for her was still there.

I looked at my hands, they still look the same, as if I didn't aged at all. I'm already thousand years old but I still look like a 18 years old girl.

I wish i just died. I rather die than to spend my whole life alone. I don't know how long I'll stay like this, it's boring, sad and lonely.

Chapter 17 (Last Chapter)

Lisa's POV

A hundred days have made me older since the last time that I saw your pretty face, I was lying under the bed when someone suddenly opened the door.

A thousand lies have made me colder
And I don't think I can look at this the same.

An old woman slowly entered the room.

All the miles that separate
Disappear now when I'm dreamin' of your face.

I peeked and I saw her smiling while scanning the room. She's old but still looks beautiful. I don't know but she somehow look familiar.

"Jen"

I'm here without you baby
But you're still on my lonely mind.

She sat at the edge of the bed. She put her hands on her chest then closed her eyes.

I think about you baby and I dream about you all the time.

I slowly walk from her back trying to recognize if it was really Jen. The more I get closer to her the more my heart beats louder. This is really Jen.

I'm here without you baby

She slowly turned to look at me. We stared at each other for a brief second, I smiled at her. Now I'm sure that she was really Jen. She scanned me from

head to toe. She cupped my cheeks and gave me the same warm smile.

But you're still with me in my dreams
And tonight girl, it's only you and me.

She stared at me with teary eyes while smiling, It seemed like she didn't expect to see me again.

"Hi Jen" I said while smiling.

She cares my cheeks "Lisa" she whispered.

"Yeah. This is me, the monster inside of your bed" I chuckled.

"You didn't change at all. You still look young"

"See? I'm right, I can't be with you"

"Yeah, the reason why our love story was kinda tragic"

"But you made a new love story with Taehyung" I said. "By the way, how was he?"

"I loved him, he passed away 2 years ago" She sadly said. "How about you? How are you?"

"Me? Still like this" I said still smiling at her.

We fall into a deafening silence for a minute.

"It's like Peter Pan. Peter Pan didn't aged at all but Wendy grew old." She said.

"But unlike Peter Pan, he can choose if he wants to stay young or grow old."

"It's worse than Romeo and Juliet, at least they got together."

"Romeo can die and I can't"

The both of us started to cry the feelings that we've been holding back.

Jen's POV [Flashback]

I gave birth, and I cried seeing my first child. I'm a mother now Lisa. I have a daughter now, and her name is Ella.

It was really hard to be a Mom but Taehyung was always there for me.

I didn't let you meet my daughter and you already know the reason right?

Because of so much sadness I'm feeling, I focused on showering my family with love. I can see that Ella was growing up and Taehyung and I were really proud because I know that we raised her.

I wanted to visit you everyday to know if you're fine, to see you and to hear your voice. But I stopped myself because I don't want to cry in front of you and I promised that I'll be faithful to Taehyung.

When my Mom and Dad died, I felt really sad that I couldn't help but to run into my room and talk to you. I felt like a heavy weight was being lifted up against my shoulders because I know that you're listening and I have someone to tell what I feel.

Many wondered why I didn't sell this house and kept it vacant, even Taehyung told me that we can live here and give Ella my room but I didn't agree.

Years had passed but I'm still inlove with you Lisa. I know it's not fair for Taehyung that I love someone aside from him. You're my first love and he's my current love. I know that he felt my love for him. O thought of telling him about you, but I'm afraid that he won't believe me, so I let it be.

Time flies so fast. Ella was on college now, her suitors visit our house and maybe someone caught her eyes.

Ella graduated and had a job. There was this fear that one day, I'll wake up and Ella was marrying someone.

My relationship with Taehyung got deeper, see? We love each other but I can't forget about you Lisa.

The day that I feared the most came. Ella was now marrying someone. Can you imagine a little girl whom I was carrying, chasing after her because she might slip, the little girl who cried because of small things was now a woman, inlove and marrying someone.

My tears fell down from my cheeks when I saw her walking on the aisle. I'm happy that we succeed on raising her.

Ella had her own family. It's only me and Taehyung now. Ella became a mother and I also became a grandmother. She gave us two grandchildren that made us happy everytime they visit us.

Taehyung and I grew old together. He is my 'grow old with you', he became my forever. Until one day, when we were sitting together in the balcony, he held my hand.

"Thank you for everything" he said with a smile plastered on his face.

"Thank you too" I answered.

"I know that at first, I'm not really the one you love" I was surprised.

"And I'm jealous of that person who you truly love" He added. "I tried to find out who was he but I found nothing" His hold tightened. "They said that I was your first boyfriend and they don't know anyone that you loved"

"Taehyung"

"Jen, thank you, because I thought you'll break up with me because I'm not the one who you really love, but as time goes by, I can feel your love"

A tear escape from my eyes while smiling at him. I didn't regret that he's the one that I chose. I can feel his love for me and Ella. He's a great husband and father.

"I love you Jen" He whispered.

"I love you too Teahyung" I answered.

-

"Hon, wake up now. Drink your coffee" I said and tapped him.

"Hon?" He still didn't answer.

My heart beat fast because of nervousness. I checked him, I can't move, he wasn't breathing anymore. He seemed like he's just sleeping. I know that he died happily. I hugged his dead body while crying.

The miles just keep rollin'

As the people leave their way to say hello

I've heard this life is overrated

But I hope that it gets better as we go.

Lisa's POV

"With you, I learned that love is full of sacrifices." I said and smiled at Jen.

"Lisa.."

"Hmm?"

"I want to sleep" she said.

I nodded at her. We both lied down, her back was facing me while I'm hugging her.

"I miss this feeling" She whispered.

"Same"

I kissed her cheeks and forehead and we both fell asleep.

"Sweet dreams Jen"

"Sweet dreams to you too Lisa"

I'm here without you baby

But you're still on my lonely mind.

I think about you baby and I dream about
you all the time.

I'm here without you baby

But you're still with me in my dreams

And tonight, it's only you and me.

Ella's POV

I came home with my children to visit Mom but she wasn't home, so I thought that she might be at the old house.

We drove our way to the said house. Mom had a room at this house that I've been dying to see but it was always locked.

I parked the car and came out. I was holding my children using both of my hands when we entered.

"Mom! Mom!" I yelled as we entered the house.

I roamed my eyes at first floor but she wasn't here. I left my children at the first floor and proceed to second floor.

"Stay here okay? I'll just look for Mom."

I checked every corner of the floor but I can't still find her. But there is only one room that I didn't enter.

I made my way on the room and hold its doorknob. I opened it and to my surprise, It wasn't locked.

I fully opened the door and saw her sleeping at the bed facing the side. I smiled when I saw a bright smile on her face.

I scanned the room, her room was beautiful and her things when she was just a kid and teenager was still here. Maybe she missed all these that's why she came here alone.

I kneeled on the side of the where she was facing and softly caress her cheeks.

"Mom? Wake up now. You grandchildren was here to see you"

"Mom? Wake up, we'll head home"

"Mom"

Until I realized that she wasn't breathing anymore. I cried and ran my fingers on her hair. "Mom, wake up. Let's go home"

"Goodbye Mom"

I hugged her tight while crying. I didn't noticed that my children followed me.

"Grandma, wake up. Let's play" my youngest child said.

"You're grandma will rest now" I told him.

"Until when will she rest? She promised to play with us, and why are you crying?" I smiled at them and hugged them both.

Lisa's POV

Few minutes after I woke up, I noticed that Jen wasn't moving nor breathing anymore. My tears suddenly fell and hugged her even tighter. She's gone, and I know that wherever she is right now, she's happy.

"I love you Jen" I whispered near her ears.

After a while, I heard her daughter calling for her. I hid myself under the bed as she entered the room. She tried to wake Jen up but later realized that she was gone. Her children followed her, a girl and a boy. After a minute, the room was filled with pained sobs.

I was silently crying under the bed, my heart wanted to explode with so much pain. It's hard to cry silently when they took Jen out.

Our love was tragic. Our love has a wrong timing. What if we met at the right time? Where everything was okay and not complicated. Maybe I'll be one who you married and not him.

But love isn't love without the pain. The good thing of all this was you loved him, he loved you, you loved each other.

At least we had a once upon a time but sadly didn't had a happy ending. We both loved each other, and that what matters.
